

This diagram summarises the presentations, discussions, and feedback from the second of our series of regional workshop events for those involved in delivering emergency food aid in Scotland. The aim is to provide opportunities for networking, peer support and learning, and to connect with wider anti-poverty work and campaigns. The next event is in Aberdeen on 27th August. Click [here](#) for more information and to register. Any questions contact: Marvonne.macleod@povertyalliance.org
